Welcome to South Australian Refugee Week 2024, a diverse range of events and activities celebrating and connecting our refugee and more established communities. From its beginnings over 30 years ago SA Refugee Week has grown to over a month of activities in which we invite you to participate.

The week is convened by the Australian Migrant Resource Centre and is a program of events centred upon United Nations World Refugee Day, honouring people who have been forced to flee their homelands. It has become a forum for diverse community groups, government bodies and support organisations to highlight the issues refugee peoples face worldwide, and to celebrate Australia's new and establishing communities and the positive contributions they have made, and continue to make, to our cultural, social and economic development.

The Migrant Resource Centre of South Australia was established in 1978 by the federal government as part of a national network to assist the settlement of new arrivals to Australia and to support their cultural life. In 2015 the Migrant Resource Centre of South Australia became the Australian Migrant Resource Centre, and since its founding has supported over 150,000 humanitarian entrants from across the world - from Africa, the Middle-East, the Americas and the South East Asian regions - to become part of the Australian community.

We hope you will find this calendar of events, presented by over 100 organisations and community groups, useful in navigating your way through SA Refugee Week, and that you are able to share in the contributions and cultures which make us such a vibrant, caring community.
